WE'RE EXPANDING!

OTC is very excited to announce that we are moving to larger premises on **April 1, 2005**. This move is necessary due to our expansion needs as well as the intentions for our present site to be redeveloped within the next 18 months. We have been fortunate to have secured a new location at **3191 Riverside Drive** at Walkley Road. Please see the attached map for the exact location. Our new building is very conveniently located, with plenty of free parking, easy access from all directions by car as well as by bus. There will be roadside sign erected to clearly identify the new location and the bus stops right at our door. A listing of these possible bus routes is also attached.

Please be assured that the move will in no way disrupt your students' progress. There will be a smooth transition, with no lessons missed and all of the tutors and resources will be available at our new site. The centre can be contacted at the **same number, 567-1251** should you have any questions.

Sincerely,

Cynthia Harrison
Director
